REMARKS

In the above referenced final office action, the Examiner maintained the rejections previously presented. Applicant traverses these rejections. As claims 30-32 have been indicated allowable, claim 1-29 have been cancelled to expedite prosecution. Applicant explicitly reserves the right to re-present the cancelled claims, the original claims and any unclaimed subject matter in a subsequently-filed continuing application without prejudice or disclaimer.

With respect to claim 30, the Examiner has objected to the use of the term "unreceived." The amended language, suggested by the Examiner, is conceptually the same as originally presented and thus, does not serve to narrow the claim in any manner.

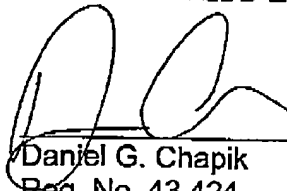

Applicant respectfully asserts that the present application is in condition for allowance and notice of the same is requested. Should any issues remain outstanding, the Examiner is urged to telephone the undersigned to expedite prosecution.

Respectfully submitted,

JAMES D. WEBB ET AL.
